

# Earth Effects 2010

PROUD TO SERVE YOU FOR ANOTHER DECADE

February 1, 2010

## Thank you for a great 2009!

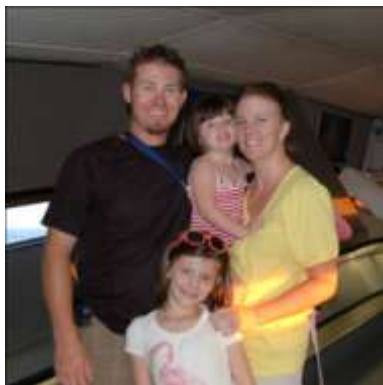

2009 was a great year for Earth Effects and our sister company, M&E Management (see back page). We appreciate your continued business and look forward to not only a great 2010 but a great decade! After this long, cold and snowy winter we have had spring will be welcomed with open arms for its warmer air, blooming flowers and being able to spend time outdoors.

Please let us know if we can help you with any landscape design & installation, landscape maintenance or handyman services and please refer us to your family, friends and neighbors.

If we provided service to you last season- no need to contact us, we will continue with those services automatically. But feel free to call if you just want to be sure.

## From Owner Daniel Henks

Happy 2010 to all my family, friends and customers! I hope that each of you look forward to an excellent year as much as I do. In the past my letters at the beginning of each season have been strictly about Earth Effects. I decided to change that a little this year since most of you already know the quality services we offer but probably don't know too much about me. So here is a brief summary of last year. I hope it will help you get to know my family and I a little better and help each of us have a better business relationship.

2009 was very eventful for us and has continued into this year. We have witnessed heartache and blessings beyond measure. We have witnessed some financial and job struggles within close family (as I know many of you have as well), have watched our two girls grow way too fast and so much more! My grandma went home to be with the Lord and that has been my first experience with losing a grandparent. I became involved with an awesome ministry called Won By One to Jamaica and have been down twice last year and will be going again in a couple of weeks. (See back page- "Won by One")

I also experienced the best year in business that I have had, and not just financially. I was able to create a great blend of landscaping, landscape maintenance and handy man work- all while staying true to what I strive to do most: Serve everyone the way I would want to be treated- with honesty and quality service. We each control only our individual life- I choose to be positive and treat others even better than I would want to be treated. Please allow us to show you even more of what we can do this year.

I hope that you have a blessed and prosperous 2010!
